

## Custom Machine Builds

*Jerl machine, inc.*

## Precision, Quality Experience

Jerl Machine has extensive experience in the mechanical assembly of complex custom machinery. Within our 80,000 Sq. Ft. facility we offer a 15,000 Sq. Ft. high bay assembly area with up to 35 ton crane lifting capacity. Jerl has assembled up to eight special machines at one time. We manage projects from prototype through final assembly.

### Custom Machine Builds

- \* Build to Print ~ Manage entire assembly
- \* Fabricate ~ Machine ~ Paint ~ Assemble
- \* Mechanical ~ Electrical ~ Pneumatic ~ Hydraulic
- \* Assembly Large 15,000 Sq. Ft. Assembly Area - 30 foot high, 24 foot under crane
- \* Cranes up to 25 Ton Capacity

### Major Component Sub-Assemblies

- \* Gear Boxes ~ Spindles ~ Bearings ~ Seals
- \* Rebuild ~ Reverse Engineering Capabilities
- \* Production Assembly
- \* Rebuilds ~ Disassemble ~ Clean ~ Inspect ~ Quote
