ISO 9001:2015 • AS9100D
CERTIFIED COMPANY

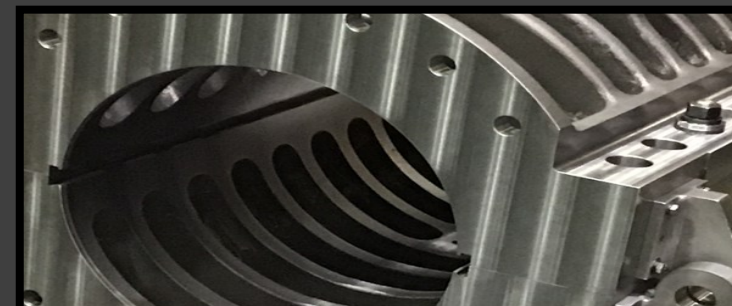

Machining Capabilities

- 5-Axis Machining Capabilities – Full 5-Axis Approx 32" Cube
- 10 CNC Horizontal Machining Centers – Up to Approx. 60" Cube
- 7 CNC Vertical Machining Centers – Travel up to: X=118", Y=34", Z=32"
- 6 CNC Vertical Turning Lathes – Turning up to: 91" dia & live tooling capabilities
- 11 CNC Horizontal Turning Lathes – Turning up to: 35" dia x 126" between centers & live tooling capabilities
- 3 CNC Boring Mills – Travel up to: X=158", Y= 120", Z= 60", W=32"
- Various Manual Mills & Lathes, Grinding, Assembly, Welding, Fabrication, CMM Reverse Engineering, EDM, & Painting Capabilities

Improvements & Investments

- New website – www.jerl.com
- Quality Management System Certified to ISO9001:2015 & AS9100D
- 80,000 ft² facility w/ 40 Overhead Cranes up to 25 tons
- CWB Welding Certification
- Two New Horizontal Turning Centers w/ Live Tooling
- New Bridge Mill – 5-side Machining w/ 1 Degree Increments – Travel up to: X=206.7", Y=118", Z=43.3"
- New VTL – 93" Swing, 91" Turning Diameter x 36" High
